

Readers will come away from this book understanding

- How to get testers engaged in agile development
- Where testers and QA managers fit on an agile team
- What to look for when hiring an agile tester
- How to transition from a traditional cycle to agile development
- How to complete testing activities in short iterations
- How to use tests to successfully guide development
- How to overcome barriers to test automation

This book is a must for agile testers, agile teams, their managers, and their customers.

The eBook edition of *Agile Testing* also is available as part of a two-eBook collection, *The Agile Testing Collection* (9780134190624).
