**pdf, mobi, epub, azw, kindle**

**Description:**

This 1857 sequel to wryly chronicles the struggle for control of the English diocese of Barchester. The evangelical but not particularly competent new bishop is Dr. Proudie, who with his awful wife and oily curate, Slope, maneuver for power. **The Warden** and **Barchester Towers** are part of Trollope's Barsetshire series, in which some of the same characters recur. --This text refers to an alternate edition.

**Review** `What has kept Trollope in the forefront of this country's great writers is his powers of ironical observation and nowhere is that more in evidence than in Barchester Towers.' Herts Advertiser, May '97

`What has kept Trollope in the forefront of this country's great writers is his powers of ironical observation and nowhere is that more in evidence than in Barchester Towers.' Noel Cantillon, Hitchin Gazette --This text refers to the edition.
