Description:

Review "Christy Reece has written another phenomenal romantic suspense with Chances Are. A great addition to this spell-binding series." Nina's Literary Escape

"Chances Are is an action packed, heart-gripping romance suspense that sucks you in at page one and never let's you go." A Tasty Read Review (Delicious Book Reviews)

From the Author Chances Are was a labor of love for me. So many readers have asked for Angela Delvecchio's book. The cheeky and mysterious LCR receptionist/researcher has always intrigued me and I was so happy to tell her story.

In a way this is a new beginning for the Last Chance Rescue series. Since this is my first self published book, I knew some readers, unfamiliar with the LCR series, might feel daunted or put off that it's the tenth book in the series. Because of that, you'll find an explanation of LCR's purpose and only a vague reference to past characters. I hoped to give long time readers of the series a sense of where their favorite characters are without confusing those new to the LCR books.

I do intend to write and self publish more Last Chance Rescue books. I'm currently working on Running On Empty which I hope to get out to readers soon.
