### **Description:**

When Christy Huddleston leaves a life of privilege and ease to teach in the impoverished Smokey Mountains, her faith is severely tested by her pupils, the love of two men, and the curious customs of the mountain people in her community. Yet she grows to love these people and the simple, fulfilling lifestyle to be found in the heart of God's country. First released in 1967, *Christy* is based on the life of author Catherine Marshall's mother and was the inspiration for the recent television series of the same name. Beautifully told, this is a charming, timeless tale of love and faith that will appeal to romance readers of all ages. --*Maureen Wachsmith* --This text refers to the edition.

**Review** Christy is the moving story of a girl who braved the primitive mountain surroundings of the

Smokies to look after and teach its mountain people. Thus begins the beautiful adventure of Christy, as this 19 year old discovers the secrets of the proud but superstitious mountain people, the strength of her faith, and the boundaries of her love as she's torn between two men. The audio book version of Christy has all the romance and drama that helped the book sell millions of copies and made the 1994 CBS television movie such a major success! -- *Midwest Book Review* --This text refers to the edition.
