## Description:

**From the Author** As an independent novelist, I learned the hard way how expensive it can be to make and sell ebooks without seeing great results. After much frustration, I put my efforts into using everything I could find online that was free. Guess what? I started selling ebooks and it wasn't costing anything.

This book is a collection of what I've learned after doing this for a few years. I guarantee it will save you time, money and energy. More importantly, it will help you share your stories with the world.

To your success,

-Jason Matthews

**About the Author** Jason Matthews is the author of novels, *The Little Universe* and *Jim's Life*. He's also the author of *How to Make, Market and Sell Ebooks All for Free*, *How to Make Your Own Free Website* and *Get On Google Front Page*.
