About the Author

Giovanni Boccaccio was born in Florence, Italy, in 1313, and he died there in 1375. His life thus coincided with the flowering of the early Renaissance and indeed his closest friend was Petrarch, the

other towering literary figure of the period. During his lifetime, Boccaccio was a diplomat, businessman, and international traveler, as well as the creator of numerous works of prose and poetry. Of his achievements, **The Decameron**, completed sometime between 1350 and 1352, remains his lasting contribution—immensely popular from its original appearance to the present day—to world literature.
