Description:

Review ...the book is a cheerful ode to the iconic theme park and is jam-packed with highly useful and practical tips. But what truly distinguishes it from other guides is that it presents the info in a

fun, highly visual, and engaging style. -*Arthur Levine, Theme Parks at About.com*

From the Author After writing about the "Happiest Place on Earth" online for over a decade and writing a traditional printed Disneyland book, I decided it was time to re-evaluate: What would make the best Disneyland book to help people have more fun at Disneyland and California Adventure? I didn't want to write just another dry, boring guide book with a list of tips that sound like they came from your meddling old auntie, but instead to do something that could be as much fun for readers as the Disneyland Resort theme parks are for their guests.

Then one day it all came together: Why not make those 101 tips I'd collected into a comic book, using photographs instead of drawings? The result is *The Disneyland Book*, where every tip is there to help you avoid a Disneyland vacation fun-killer, time-waster or wallet-drainer. By using them, I hope everyone will say "Wow!" That was the best Disneyland book I ever read! And I had so much fun at Disneyland!"
