## Description:

**Review** If you like your novels steamy, this is a great little find. Definitely a lot of bedroom action, considering that the main male character has four women on the go at once! Obviously there's a lot of cheating going on and that means that most of the characters you'll find yourself hating at some point. That's pretty obvious! But the story really got me emotionally involved - I'd find myself saying to my husband, "You'll never guess what this total scumbag's up to now!" while he was trying to read his own book, like it was someone we both knew! ~ Lacey Dearie

I loved this book, I can't say it enough! The whole book is well written and has you entwined from the beginning. The lives of all these women are so different, but one man brings them together. Then they get sweet revenge, and Mark never saw it coming! While Rebecca, Shona, and Penelope form a

bond through the rough times. The one question I'm left with is does Colm ever find out about the affair? Another book maybe??

The perfect ratio of love, sex and storyline, I highly recommend this book. ~ Katy
