**Description:**

Is effective communication of vital information a challenge at your healthcare facility? We can help.

***SBAR Basics: A Resource Guide for Healthcare Managers* is now available from HCPro.**

**Start with the basics!**

***SBAR Basics: A Resource Guide for Healthcare Managers* provides examples of what to do and what not to do to ensure SBAR (Situation, Background, Assessment, and Recommendation) works. Tips for getting buy-in at many levels and a variety of customizable tools are offered in addition to the basic, easy-to-understand information to provide you with everything you need to implement and ensure the success of your SBAR system!**

SBAR is a proven system to standardize the communication of critical information. Regulatory agencies are heightening their attention to patient safety, and poor communication remains one of the most-cited reasons for medication errors as well as delays in care.

***SBAR Basics: A Resource Guide for Healthcare Managers* is the perfect resource to help you meet The Joint Commission's standards and create a culture of safety. Communicate critical information and save patient lives.**

**This valuable resource offers:**

- A non-intimidating, primer approach
- Clear explanations of what SBAR can and cannot do
- Proven benefits to your facility
- An easy-to-follow guide to the SBAR process
- Useful diagrams, tips, and strategies
- Helpful activities to gain buy-in throughout your facility
- A list of additional resources
- And much more!
